Staff Fire Marshal / Warden Training

A certificated course that defines, assists and instils confidence to those people who have a key role with the management of fire safety in the workplace. This course covers both emergency and none emergency issues of this vital role.

This course complies with the Regulatory Reform (Fire Safety) Order 2005 and Health & Safety legislation.

Course Objective

By the end of this course your staff will have:

- ▶ Understood the role of the Fire Marshal / Warden
- ▶ Understood the importance of regular fire drills
- ▶ A greater awareness of the dangers of fire and smoke
- ▶ Awareness of all fire safety measures in the workplace
- ▶ Understanding of their actions in the event of fire
- ▶ Confidence in identifying and operating the correct firefighting equipment
- ▶ Awareness of potential fire hazards in the workplace
- ▶ An understanding of human behaviour in fire

Course Overview

- ▶ PowerPoint Presentation
- ▶ DVD "The role of the Fire Marshal + The Alphabet of Fire"
- ▶ Practical operation of fire extinguishers
- ▶ Real fire extinguishing training using our fire simulator

Course Content

Fire Safety:

- ▶ Fire statistics
- ▶ Fire Legislation
